BAKERY

THE
BAKERY

WHO WE ARE

We manage projects of all scales.
in all areas of design and visual
communication.

THE
BAKERY

WE TURN

YOUR EMOTIONS INTO STORIES

WE BELIEVE

In creative interdisciplinary work, craftsmanship and simple storytelling to inspire people.

EXPERIENCE

In communication and focused campaigns to the 4 most effective branches of the design and the visual communication.

WE HAVE

A multidisciplinary team with experience in consulting, management, operation and administration of design and visual communication.

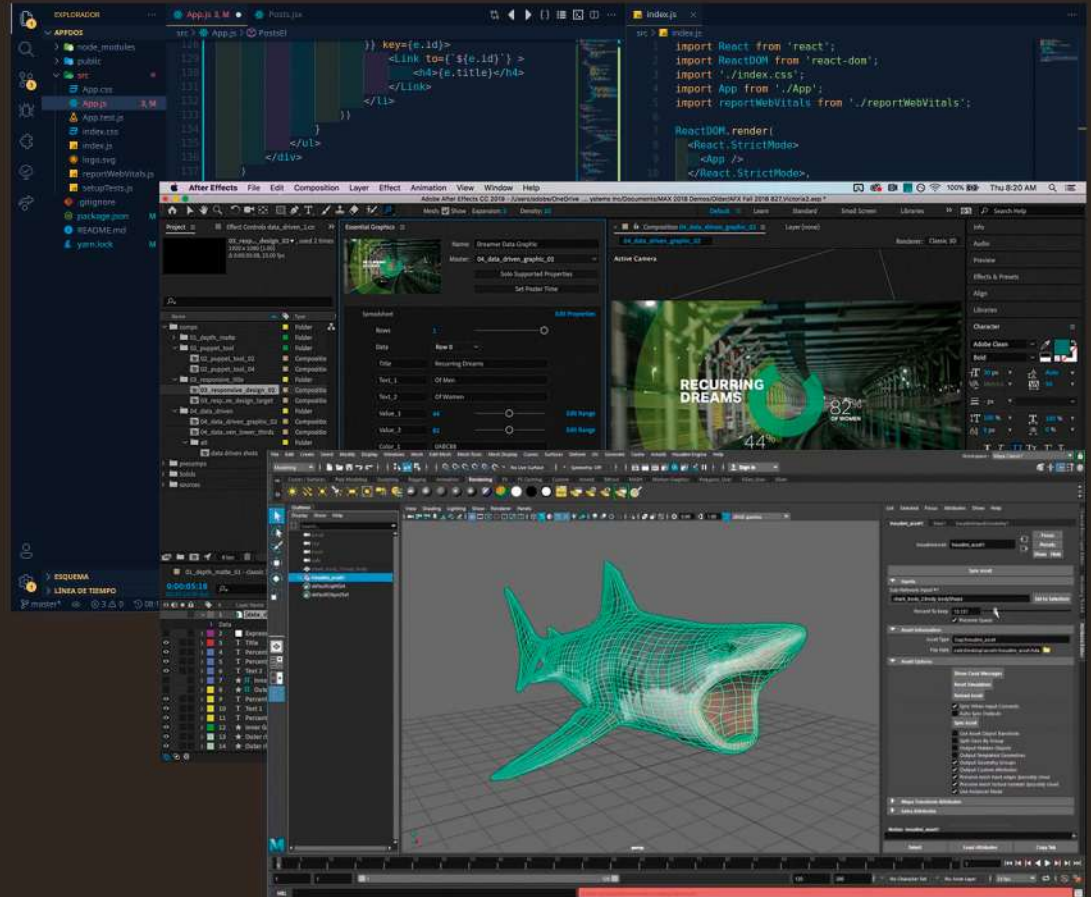

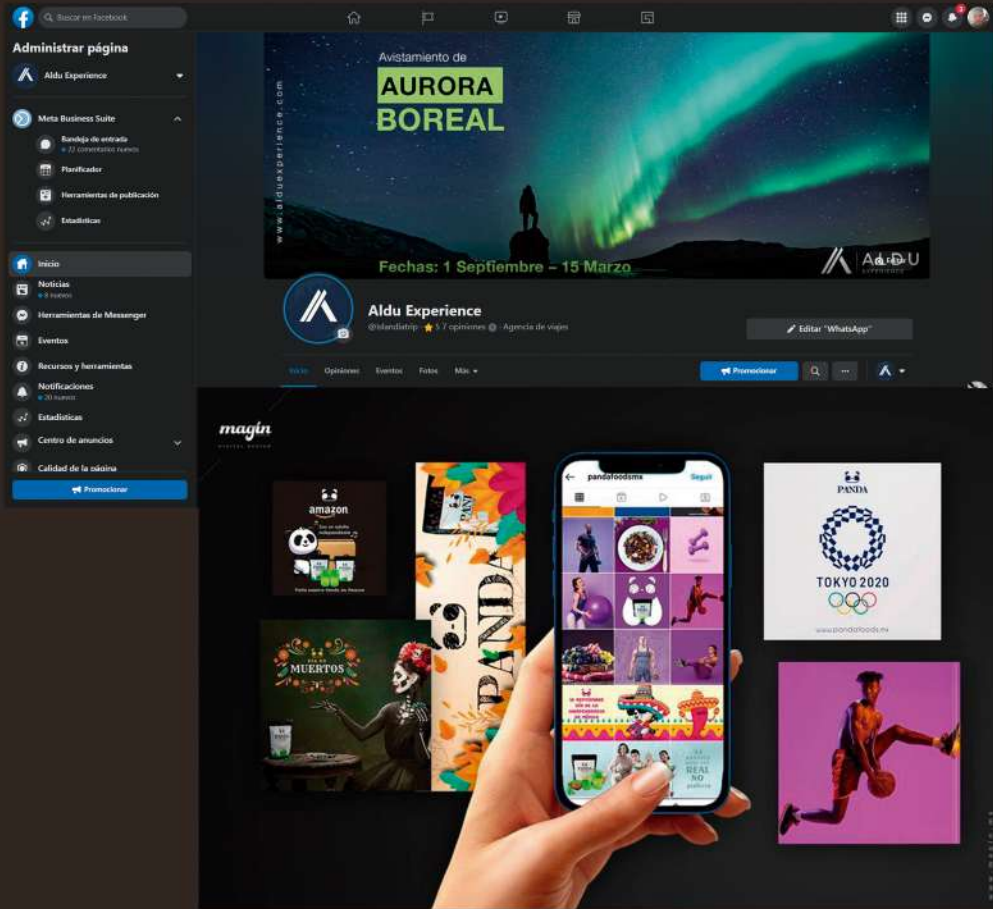

SERVICES

We identify opportunities in new and traditional communication channels. We design, plan and operate design and communication platforms, focusing efforts on the 3 most effective branches of visual communication.

AUDIOVISUAL

We combine the best technology and innovative techniques for the development of audiovisual elements, standing out in production, post production, corporate video, 2d and 3d animation. Allow an expert to advise you and let us jointly carry out the growth of your brand.

MEDIA MARKETING

Having a good management of social networks does not simply mean having a Facebook page with many likes, but effectively dialoguing with your target and offering them content that is part of a comprehensive marketing strategy.

9 OUT OF 10 INTERNET USERS HAVE SOME SOCIAL NETWORK

By having proper network management you can communicate the philosophy of your company, publicize your promotions and at the same time form a community, creating loyalty towards your brand.

GRAPHIC DESIGN

We are an agency that has distinguished itself for its excellence in projects.

We focus on complementing your ideas with our experience to create comprehensive solutions that solve your projects in the best way.

We have packages that adjust to the different needs of your brand for the creation of a logo, basic stationery, corporate identity and re-branding.

The combination of youth, passion and experience allows us to be your best option.

Web design Ui, UX, web hosting, corporate emails, domain registration, website administration, landing page, ecommerce.

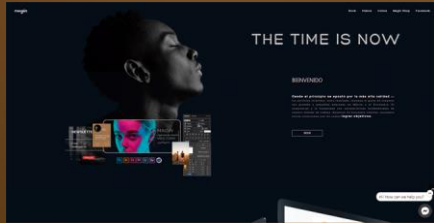

WEBSITES

That a website is beautiful is not everything. To achieve a position in SEO search engines like Google, it is necessary that the content offered by the website is attractive and of interest.

THE BAKERY YOUR BEST OPTION

The difference when acquiring the development of a website with Bakery, is that you have the support of experts in web design, programming, content development and measurement, on different platforms, which guarantees the success of your goals. All our developments include the best SEO positioning techniques and script integration for statistical measurement and monitoring.
